Quotes

“ The day of the Stand4Kind assembly I had told myself earlier I was going to end it. I made sure my room was clean and wrote a note all up. After the assembly, I had a change of heart... I’m putting down the blades, forgiving all of those who have hurt me and am going to make a change to this school for the better. Don’t be the person who makes people want to cut or want to kill themselves. ”

- Comment submitted anonymously by a Utah student

“ Thank you so much for providing such an amazing experience for our students today!! My students left feeling empowered. They can’t wait to start the Stand4kind program and work with the coalition. Thanks. ”

Principal - American Fork Junior High

Facebook Post

“ You inspired my son!....he has been talking about the event since he came home today... the reason I tell you this is my son has been bullying kids and his siblings since last year and I feel that all your speech’s today have opened his eyes a little bigger and the picture is more visible, and he sees what he is doing is wrong. It was nice to see him smiling and playing with his siblings last night instead of bullying and screaming. He even said he is joining the kindness club, so I wanted to thank you!!!! THANK YOU!!! ”

Granite District

The trainers at Stand4Kind have been a great resource as Granite School District implements PBIS k-12. Trainers have helped our school PBIS teams better incorporate a culture of respect at their school to counteract bullying and to provide more effective supports to all students. Trainers have been engaging and very willing to customize presentations to meet the needs of our faculty, staff and students.
